COLOR: _____

DATE OF BIRTH: _____

SEX: Male Female

SHOTS: Yes No

DE-WORMED: Yes No

FOOD: _____

DAM: _____

SIRE: _____

TERMS: (initial all items below)

_____ The buyer agrees to assume full responsibility for this dog once it leaves the premises.

_____ The buyer further agrees to provide a loving, warm and safe environment of neither extreme heat nor cold and will, provide food and water and seek veterinarian care when needed for the dog to live a normal and happy life.

_____ The buyer agrees that in the event the dog should become ill or die as a result of negligence or carelessness on their behalf, there will be no replacement.

_____ The seller believes that at time of sale, the dog is in good health and is of sound body. There is a one year health guarantee against life threatening genetic defects only. The guarantee is only valid with written proof of BOTH the seller's veterinarian and the buyers' veterinarian.

_____ The buyer must have the dog checked by his/her own veterinarian within 48 hours of sale, or the seller cannot be responsible for replacement.

_____ Replacement guarantee is only valid if the dog was seen by your veterinarian within 48 hours of sale and there is written proof by your veterinarian.

PURCHASE AND HEALTH AGREEMENT 2 of 3

_____ If within 48 hours of the date of sale you believe the dog to be sick or find a genetic defect, you agree to return it to the seller. We will either replace or return the dog to you in well condition. If however, you take the dog to the veterinarian during this period or incur any expenses, the seller shall not be responsible or liable.

_____ All puppies carry parasites, some of which are not detectable until they go to a new home. The buyer must have a fecal test done for Giardiasis and Coccidiosis within 48 hours. Parasites are life threatening if not treated. If puppy dies due to parasites, breeder is not responsible.

_____ The Buyer has been advised not to let this puppy/dog become obese which will stress internal organs, joints, ligaments and tendons. If your dog is overweight it will be susceptible to health problems and not live as long as expected. Seller is not responsible for problems incurred due to obesity.

_____ In the event of death, the buyer {at the buyer's expense} MUST provide the seller a letter stating cause of death from the attending veterinarian and a copy of the autopsy report. If the cause of death is determined to be a life threatening congenital condition an arrangement for a replacement puppy will be made.

_____ Breeders can only estimate the size of the puppy. Sometimes there are unforeseen throw back sizes. We cannot be responsible if the dog ends up being larger than estimated at the time of sale.

_____ Buyer agrees and has been advised that puppies grow at a very fast rate and therefore need to have only moderate exercise. No long walks or runs on a hard surface until pup is at least 12 months of age. Seller is not responsible for injuries incurred as a result of over exercise.

_____ Buyer agrees not to spay or neuter this puppy until he/she is fully grown {8-12 months for small breed dog under 25lbs and 15-24 months for larger breeds}. Guarantee is void if puppy is spayed or neutered before these times. Puppies need these important hormones for healthy growth mentally and structurally. It is our belief that spaying and neutering at too young an age is not good for building a strong foundation and giving your pup the best chance possible to grow a strong and stable structure.

_____ All dogs over 1 year of age are SOLD AS IS. THERE IS NO GUARANTEE.

_____ It is understood by the buyer that there will be NO CASH REFUND on the sale of the dog and no reimbursement for any veterinarian bills that you have incurred.

Buyer hereby agrees to: (initial below)

A. _____ Take possession of said dog now. Paid in Full\$ _____

B. _____ PAY \$ _____ on deposit, which will be nonrefundable to hold puppy. Puppy will be picked up by buyer on _____ (date) At which time the balance will be due in full.
